CAMPTON VOLUNTEER FIRE DEPT.

The department has again showed material gains this year.

The new tank truck holding 1100 gallons of water (to which "wet water" has been added thereby adding to its effectiveness) is fully equipped, except for ladders which have yet to be purchased and is ready for service for all types of fire. New helper springs have just been added to increase its efficiency.

The pumper truck has had new brakes installed, also a new circulating pump for the cooling system. New nozzles have been added to our general equipment.

The men of the department are very thankful that we have had no major fires neither building nor forest, but our overall number of calls exceeded that of previous years.

To date, Feb. 7, 1956, we have received 22 calls. The year of 1952 was the next highest with 20 calls. Since 1951 we have had a total of 112 calls.

Chimney fires are again at the head of the list. We strongly urge you to call the department (Park 6-2611) as quickly as possible when a chimney fire (or any other fire) is discovered so it can be handled by trained men with proper equipment and will not spread and damage or possibly destroy taxable property.

Remember that there is no charge for this service in the Town of Campton. It is time and material donated by the men who make up the department.

New members have been added and more will be welcome if there are those who feel it their civic duty to "help your neighbor." The department continues to sponsor the Boy Scouts and permits worthy organizations the use of the fire house.

School District

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Campton, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the ninth day of March, 1956, at eight o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To transact any other business that may legally come before this meeting.

Given under our hands at said Campton this fourteenth day of February 1956.

SUPERINTENDENT'S ANNUAL REPORT TO THE CAMPTON SCHOOL BOARD

Hereby submitted is my annual report as your Superintendent of Schools.

The progress of the schools of Campton since my last report has been most satisfactory. The move which was made that consolidated the schools to the point where no more than four grades were in a single room, has worked out both to the advantage of the pupils and the teacher. I feel very strongly that the move was a wise one. I wish there was some way whereby we might consolidate to a greater extent. Under present conditions, it would seem to me that this would be highly impractical. I would like again to call to your attention that I feel there is need for some type of consolidated school in Campton. Each year I continue to get unsatisfactory reports on the conditions in several of your schools from the New Hampshire State Department of Health, who make periodic inspections of all schools in the State. The most recent report, which has just been completed at this writing, is no exception and is, in fact, not as good as the preceding report for last year.

During the Spring Semester last year, achievement tests were given to all pupils in your schools with gratifying results. The average achievement for all pupils was above the national norms but as can be expected, some were below. However, the majority of the pupils showed up very well.

We started school in September with no change in regular classroom teacher personnel. You are fortunate in retaining these teachers for all of them are good teachers who have the interests of the children at heart. Wherever possible, I am encouraging them to go to Summer School or to take additional courses, for in my opinion this is important to keep abreast of the educational picture.

Mrs. Lovett, the former school nurse, resigned in June and she has been replaced by Mrs. Helen Fisher. Mrs. Fisher is an experienced school nurse and in my opinion is doing a fine job.

Miss Meyer, your music supervisor, also resigned in June and she has been replaced by Mr. Joseph Malfa. Mr. Malfa is a graduate of Boston Conservatory of Music and Boston University and has had experience with school music in New York State. His strongest area, I believe, is the instrumental field, although I feel he does satisfactory work in the vocal area.

The maintenance done in Campton last year has all been a good idea. The two new heating plants which were installed at the Village School and Beebe River, are now working very satisfactorily. There was a time during the initial operation, when for one thing or another, we had some difficulties but these seem to have been eliminated and the heating situation in these two schools is now better than ever before. The exit doors built during the recent Christmas holiday at the Village School and Beebe River, were an excellent idea, for with only one main exit and that near the new oil furnace, there was a definite fire hazard. The new furniture was installed last year in four classrooms so that now the only remaining school which does not have new furniture to go with the new lighting is the Village School. Present plans call for at least part of that to be done this year. In general, your school buildings are structurally quite sound although some of them will need painting this Summer and one needs roofing.

Some of the toilets in your schools that have running water need attention and this is going to be taken care of. I wish there might be running water in your four one room buildings but though I have mixed feelings on the matter, I somehow think the expense involved in so doing would be prohibitive if there was any idea that something in the way of consolidation might be done.

Campton is continuing as always to be generous with books and supplies. This, with the combination of good teachers, is producing excellent results.

May I take this opportunity to thank the school board and teachers of Campton for their cooperation during the past year. I have enjoyed working with them and for them. If questions arise concerning your schools, please feel free to contact me at any time.

Respectfully submitted,

M. WAYNE BOWIE,
Superintendent of Schools

EXPLANATION OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent as per the following quotation:

“REPORTS. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union.”

One-half of the supervisory union expenses is pro-rated among the several school districts of the union on the basis of adjusted valuation. One-half is pro-rated on the basis of average daily membership in the schools for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1954-1955 received a salary of \$5825 which was made up as follows: \$2500 paid from the per capita tax and \$3325 pro-rated among the several school districts. Allowance of \$750 for travel within the union was also pro-rated as stated above.

The table below shows the portion of salary and travel charged to each school district.

	Salary	Travel
Campton	\$ 649.71	\$ 146.55
Dorchester	65.50	14.78
Plymouth	1,167.41	263.32
Rumney	493.43	111.30
Thornton	237.07	53.48
Wentworth	191.85	43.27
Woodstock	520.03	117.30
	<hr/>	
Totals	\$ 3,325.00	\$ 750.00

Superintendent's salary for 1954-1955 based on the above figure is reconciled as follows: \$3325 paid by the various districts, plus \$2500 received from State per capita tax, equals \$5825 Superintendent's basic salary. This, plus \$750 travel allowance allocated as indicated above, totals \$6575—amount received from State Treasurer for salary and travel of the Superintendent of Schools.

M. WAYNE BOWIE,
Superintendent of Schools

SUMMARY OF WORK IN MUSIC FOR CAMPTON

Text Books Used: "New Music Horizons," "Music In The Air," "Singing Juniors."

In the Primary grades most songs have been taught by rote. Such songs as "Over the River and Through the Woods," "John Brown Had A Little Indian" and "Happy New Year" have been sung with interest and appreciation.

Rhythm instruments have been used and rhythmic games such as marching, skipping and dancing have been used to advantage.

In the Elementary grades a more advanced type of folk singing has been done and rhythmic games of a more difficult nature employed.

The Intermediate and Upper grades have worked on one and two part singing with good results. An amount of music theory has been taught and children now are well acquainted with various scales, notes and key signatures.

Instrumental work in Campton includes two pianos, four violins, one trumpet and two guitars.

JOSEPH MALFA,
Supervisor
